# THE YOUNG ONES

We don't have a baby picture in this issue, but our picture subject is young enough to look substantially different nowadays, as an actress and TV personality. Her name is to be found in our solution grid.

# Q-BRUTE

In this puzzle, the upper diagram contains all 26 letters of the alphabet. As you identify each letter, enter it into one of the small grids (grid A for letters 1-26; grid B for letters 27 and onwards). When completed, the outer columns will spell out the title of a novel and the name of its author. The lower diagram will spell out a passage from the book, using letters from grid B. Four starter letters are given. To find more letters in grid B you may need to cross-refer as you complete the quotation grid, and grid B may not use all possible letters.
