Meet the QUIZ KIDS

Hi Puzzle fans!

Welcome to the New Look Quizkids — the best puzzle magazine for kids in the world ever (even though we do say so ourselves)! We've got all your old favourites, puzzles, jokes, colouring pages, competitions galore with great prizes up for grabs as well as loads of new features for you to enjoy. In this issue, the gang have an Easter adventure. But, before you get stuck in, let's meet the gang...

STREETWISE

may be small but he's big on fun! He also has a huge appetite — so you can be sure he'll be making off with more than his fair share of Easter eggs!

SIMON is always busy, bright and a bit bossy too (But don't tell him we said so!) Sometimes he takes things a little too seriously — especially when the others won't do as he tells them!

BEE is always looking for excitement and adventure — and she's guaranteed to take the other Quizkids along with her!

MUTT loves to join in with whatever Bee and Simon are doing. He's cuddly, friendly and fun!

PAWS is cute and clever. He helps the Quizkids with all the puzzles in the magazine, and then likes nothing better than a long, lazy snooze!

NOTE TO PARENTS: The puzzles and games in this magazine will occupy and entertain children, and introduce them to the fun of words. The cheerful, colourful illustrations ensure that learning is a relaxed and pleasurable experience.

		 Word said to end a prayer	Edge 		 Skirt's sewn border
 Feather —, fluffy neckwear					Fire remains 
			Papa's partner 		
	Short sleep 			Family animal 	
	Mayday (ints)

These jokes have all been mixed up. Can you match each one with its correct punchline?

Who is the Easter Bunny's favourite movie actor?

Why was the Easter Bunny so upset?

Why couldn't the Egg family watch TV?

Why did the Easter egg hide?

Because their cable was scrambled!

Rabbit De Niro!

He was having a bad hare day!

He was a little chicken!

Mini Sudoku

To solve these Sudoku puzzles, you need to write numbers in the squares so that every row, column and thick-lined square contains each of the numbers 1, 2, 3 and 4.

(Rows go across and columns go down). So in the row shown by the arrow, the numbers 2 and 4 are missing, but which number goes in which square? Remember, you cannot have two of the same number in any row, column or thick-lined square.

Which Path?

6

Can you work out which path leads this bunny to his carrot?

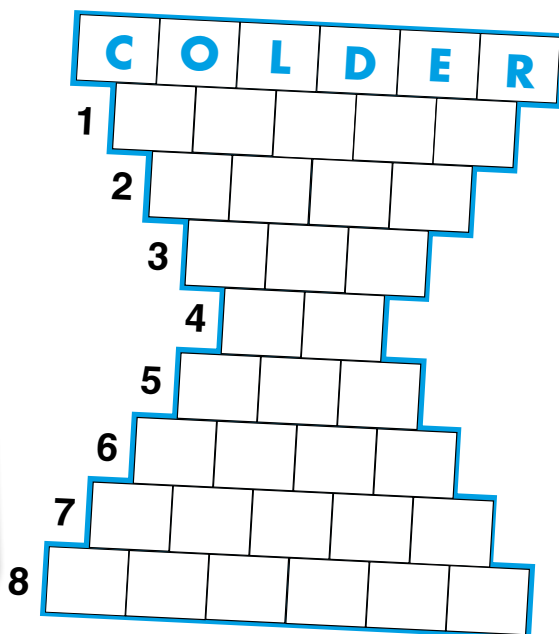

Egg Timer

To solve the puzzle you have to remove or add one letter to answer each clue in the egg-timer. And remember, you'll need to rearrange the letters each time.

- | | |
|--|-----------------------|
| 1 More aged | 5 Line (of cabbages) |
| 2 Travelled by horse | 6 ____, eroded |
| 3 Fisherman's stick | 7 Not as good as |
| 4 For better, ____, worse, part of a wedding vow | 8 Short burst of rain |

All the answers to these clues have six letters and end with the middle letter **N**. Can you fit the answers in their places in the star? If you manage it correctly, you will find that the letters in the orange circles, reading clockwise from the top, spell out the missing word from the joke under the grid.

CLUES
