

IN AND OUT

Without changing the order of the letters, add or remove one letter each time to leave a (different) new complete word and put the added or removed letters in their respective boxes to find **a smallish narrative** reading down the boxes.

CRIS	<input type="text"/>	REVERSE	<input type="text"/>
LATER	<input type="text"/>	DEER	<input type="text"/>
SHOUT	<input type="text"/>	ROUSE	<input type="text"/>
TROUT	<input type="text"/>	ACID	<input type="text"/>
LATER	<input type="text"/>	FLING	<input type="text"/>
